# Ieva Kaleginienė

JAVASCRIPT ENGINEER

WORK EXPERIENCE

Mobile Engineer
Kilo Health
Nov 2022 to Dec 2023 (1yr. 1 month)

As a React Native Developer, I co-built an amazing app from scratch with a senior-level colleague. It now serves up to 150k users. 📱
Not only did the technical implementation, but I was also deeply involved in the product development process as well. 🛠️💡

Front-end Engineer
Kilo Health
Feb 2021 to Nov 2022 (1yr 9months)

As a Front-end developer:
🔧 Developed 13 sales funnels from scratch, leading 5 of them.
🎨 Led the rebranding process for two products from a Front-end perspective.
💻 Created a web app from scratch, catering to up to 30k users. I took the lead on the front-end part to ensure a smooth release process.
